NO. 28.

WAITING FOR WIVES

RURAL HOMES IN WHICH A BETTER HALF IS LACKING.

WANT CITY ADVANTAGE

Dr. Cutler Says Present Day Girls Have Erroneous Ideas of Drudgery of Farm Life.

Hundreds of young women are missing the chance of a life-time in Missouri today to enjoy a contented, prosperous, health giving existence with comparatively little work. In practically every part of the state attractive homes of your farmers are open to them—homes that are vastly different from what the average girl thinks they are, furnished in comfort, equipped with every sort of labor saving device found in the city and quite often supporting a servant.

Dr. William P. Cutler, state dairy, food and drug commissioner, who travels thousands of miles and whose work brings him in touch with people in every section of Missouri, says such a condition exists and that it is the most remarkable thing in rural life of the state today.

"Why, I have found these young farmers everywhere," he says. "They have put up fine houses, put money into the bank, bought carriages and motor cars and other luxuries. Then they have turned their minds toward getting married. But the marriageable girls have refused to leave the cities. They still think of farm life as it was fifty years ago, and the young men, although not personally objectionable, have not been eloquent enough to make them realize what they have to offer them. It is a chance of a life-time that they are missing."

Doctor Cutler says he is not aiming to start a matrimonial bureau, nor does he want to assume the responsibilities along with his many other duties, but he knows personally many of the young men who have searched in vain for the right young woman. And those same farmers, several with an agricultural college education, are ideally situated to make a happy home.

The farmers' daughters and girls of the small towns rarely reject such offers, but there are not enough of them. Frequently some of them want to see the cities, Dr. Cutler says, but they soon realize their mistake and come back. They know now how the lot of a farmer's wife has changed in recent years.

"There are more young farmers in Missouri today than ever before and the number is constantly increasing," Dr. Cutler went on. "Farm houses are no longer the makeshift affairs they were ten or fifteen years ago, and farm life is no longer a humdrum matter for the women. Pretty soon the Missouri girls are going to wake up and the young farmer with one of these modern homes will be considered a prize as a husband."

"Just to show how conditions have changed, let me give you an example. It is not an extreme case, either, for I can tell of many others just like it. In Northwestern Missouri is a young man who graduated from the college of agriculture a few years ago. He has a fine farm of 200 acres paid for. He has built a splendid brick cottage, with a spacious lawn. There are bathrooms and running water from an individual plant. He manufactures his own gas for lighting and cooking. The cottage is furnished with furniture and pictures of the best taste, and there is a piano and an Oriental rug thrown in for good measure. A motor car takes him five miles into town in a very few minutes. Also he has a telephone and a daily rural mail delivery. On the second floor is a library. In the kitchen is a refrigerator with a plentiful supply of ice cut in the winter time ready to be carried in whenever needed, and in addition that kitchen has every labor saving device that a woman could wish for. A small frame house back of the cottage serves for servants' quarters."

"That house is the home of the young farmer alone. He is a modest young man, who says that he wants a wife, but that he has feared to ask any of his girl friends in the city to try life on a farm."

"Now that sounds like an extreme

case, but I know from my personal visits over the state that there are many similar homes or homes almost as good on Missouri farms waiting for sensible, good girls. And some time soon these girls are going to find out that there is little joy in selling ribbons over a counter in a stuffy, hot city, compared with present day life on a farm and occasional visits to the city."

FIRST TO GET PENSION RAISE.

Gottlieb Kuenster of Denver, Col., Given Initial Increase Under the New Law.

In Wednesday's issue of the Denver, (Col.) Republican, appears a picture of Gottlieb Kuenster, formerly a resident of Maryville for many years, but now living in Denver. The article in the paper about Mr. Kuenster follows: Gottlieb Kuenster, veteran of the Twenty-second and Twenty-fourth Illinois Infantry, is the first civil war soldier in Denver to receive notification that his pension has been increased. The papers arrived yesterday.

Mr. Kuenster determined to have the honor of being the first to hear from Washington, and when he read that President Taft had signed the pension bill he sent his application immediately. His comrades do not expect to hear from their applications for several days.

Mr. Kuenster was born in Germany December 26, 1835. He came to America when he was 20 years old and became a foreman over a gang of slaves working on a Missouri plantation. When Fort Sumter was fired on he informed one of the negroes that the race soon would be free.

The news spread among the negroes and then among the slaveholders. Mr. Kuenster did some spreading himself that night. He "spread" over fifty miles of territory in the lead of a posse, he says, laughing at the recollection, which was anxious to put a rope around his neck. He joined the Union army at Waterloo, Ill., and served three years and four months. He was wounded in the knee at Chickamauga.

After the war Kuenster went back to Germany to renew a courtship which the war had interrupted. The wedding day had been set, when a military guard arrested Kuenster and took him before the general. He was ordered to see the tailor about a new uniform.

"I am an American citizen," said Kuenster, "and I owe no allegiance to the emperor. You can take your choice, shoot me or let me go."

The general admonished him that he should show equal fealty to the land of his birth.

"I had nothing to do with fixing my birthplace, but I am free to choose my flag," he answered.

The general dismissed him and Kuenster soon sailed with his bride for America. Mrs. Kuenster died five years ago.

Kuenster is an ardent fly-swatter. He kills every fly he sees and he declares if everybody would join the campaign the pest soon would be eliminated.

DO NOT BE SWINDLED.

Commercial Club is Making Efforts to Suppress Agents or Beggars With Fake Propositions.

A plan that is now being taken by the Commercial club, and which should have the endorsement of all, is to stop beggars or agents with fake selling propositions. The club would like to have people not patronize these people unless the proposition is investigated by the club to see if it has any merit. This plan will be a benefit to both the citizens and merchants of Maryville and the county, and is started to aid the honest man and make it harder for the grafter.

When a man comes to you with a proposition of this kind, if he hasn't a card from the Commercial club, tell him to go to the president or secretary of the club and let them investigate the proposition, and if it is deserving of course the club will issue a card to him.

Returned From a Three Weeks' Visit. Miss Nellie Wray and brother, Walter Wray, returned Thursday morning from a three weeks' visit at Des Moines, Ia., Milwaukee and Chicago.

Election at Ravenwood.

There will be an election held at Ravenwood at the city hall on July 15, for the purpose of filling a vacancy caused by the resignation of William Yeary on the town board of trustees.

Miss Hallie Hamm and her little sister, Ruth, of Hopkins were Fourth of July guests of their aunt, Mrs. Charles Strawn, and family.

TO INSPECT ROADS

GOV. HADLEY AND PARTY OUT ON GOOD ROADS TRIP.

ARE TO BE HERE JULY 17

Dinner Stop Will Be Made at Maryville When They Will Be Guests of Commercial Club.

Governor Hadley, the members of the state board of agriculture and State Highway Engineer Curtis Hill will be in this part of the state about the middle of this month, and they will advocate auto roads. The object of the trip is to awaken more of an interest in good roads.

A schedule has been arranged and a blue print of the roads to be taken prepared in the office of the state highway engineer.

Under the schedule submitted, the Saints Highway will be traveled on Wednesday, July 17. The start will be made at St. Joseph at 8 o'clock that morning, cars being furnished by the St. Joseph Automobile club, and the trail will lead through Savannah, Rosendale, Bolckow, Barnard and to Maryville, where the party will take dinner at the Linville hotel and will be guests of the Commercial club. From Maryville the party will go to Pickering and Hopkins, and from there to Orrsburg, Parnell, Sheridan and Grant City, arriving at that town at 5 o'clock in the afternoon to remain over night.

The next morning the party will leave at 8 o'clock and go through Worth to Stanberry, twenty miles, reaching there at 9:55, and joining the other division of the party at 10 o'clock the forenoon of July 18.

While the first division is making the All Saints Highway another will leave St. Joseph over the interstate trail for the north. This will go through Cosby, Union Star, King City, Ford City and Albany, arriving at Albany, fifty miles from St. Joseph, at noon. The start will then be made at 1 o'clock and the towns visited will be New Hampton, Bethany and Stanberry, arriving at the last named place, ninety-six miles from St. Joseph, at 5 o'clock in the evening, for an all-night stay.

The start back to St. Joseph will be made from Stanberry over the Ayr Line road at 10 the next morning, and this will pass through Island City, Douglas, Rochester and on to St. Joseph, in all forty-five miles. The travelers are to reach St. Joseph at 1 p. m.

Efforts are being made to get the party to change their schedule in this part of the state. The party that comes to Maryville are wanted to go over the Glidden route from here to Tarkio on the second day of the trip, and then return to St. Joseph by way of Mound City. The schedule for the first day of the trip is suitable to the autoists here, with the exception that they should spend the night in Maryville instead of Grant City. Paul Sisson has written Mr. Hill in regard to the matter and will probably hear from him soon.

GRAHAM WOMAN INJURED.

Mrs. Mary Schmidt Fell on Sidewalk at That Place and Injured Her Hip.

Mrs. Mary Schmidt, mother of C. P. Schmidt and J. N. Schmidt of Graham, while attending the Fourth of July celebration at Graham, slipped and fell on the sidewalk, injuring her right hip joint. She was taken to her home of her son, J. N. Schmidt, who lives in Graham, where she was cared for by Dr. Morgan and Dr. Rowlett. Mrs. Schmidt is 74 years old, and the injury is likely to prove a severe one with her. She makes her home with her son, C. P. Schmidt, who lives east of Graham.

RIVER IS RAISING.

Manager Roseberry Don't Look For any Shortage of Water This Summer.

The 102 river is raising, according to Manager G. B. Roseberry, Friday. The water is now running over the dam. Mr. Roseberry is of the opinion that there will be no shortage of water this year as there was last summer.

Returned From California.

Robert Crall returned Thursday from a three months' trip to Los Angeles and other cities in California. He was accompanied back as far as Junction City by Mrs. Crall and son, Scott, who will remain there for a few days' visit with Mrs. Crall's parents.

AVIATOR BROKE RIBS

ONLY ACCIDENT TO MAR OTHER-WISE PERFECT DAY.

BIG CROWD AND FINE TIME

Fourth of July Celebration a Success, and Committee in Charge Meeting Much Praise.

The Fourth of July celebration given in Maryville was a great success, and was greatly enjoyed by the large crowd here. It is estimated that fully 6,000 people were in town, and it is remarkable to think that no accidents occurred and no arrests were made during the day. It was certainly a sane Fourth for Maryville.

While there were many firecrackers and fireworks, still not as many as in former years.

The celebration opened with a band concert by the Ladies' Military band, who furnished the music during the day. A number of songs were given by the Northwest Normal Quartet.

The main feature of the day was the barbecue dinner. It is estimated that over 4,000 people were fed, and there was enough to supply all but about thirty. The dinner was served by members of Company F, and it took them forty minutes to do it. There were thirteen quarters of beefs, three barrels of pickles, twelve bushels of potatoes and 1,000 loaves of bread for the dinner. It was served to the people in the court house yard, where there were plenty of seats and ice water.

The speakers of the day were B. R. Martin of St. Joseph and Dr. H. K. Taylor, president of the Normal. Both were listened to with attention.

An exhibition drill was given in the morning by the W. O. W. drill team, and in the afternoon military maneuvers by Company F.

The illumination parade by the Owls and the Woodmen of the World, given in the evening, was very pretty. It reminded one of the old-time political parades.

Owing to the high wind there was no balloon ascension in the afternoon at 5:30 as scheduled on the program. It took place at 7:30 o'clock and was witnessed by a large crowd. Prof. Waldorf Hall gave a parachute leap, lighting in a tree in Milton Rittenour's yard. He received a number of bruises and also had several ribs broken. He was taken to St. Francis hospital, but was able to leave town on this morning's train. No other balloon ascension was given that evening as was at first planned.

Sherman Reynolds won the greased pig contest and also the greased pole climbing contest. The prize of the first contest was a pig, which Mr. Reynolds sold for \$8, and the prize of the second contest was a ham.

The program was carried out as announced. The committee from the Owls and the Woodmen lodges deserve great praise for the celebration. Everyone seemed to have had a good time. The committee in charge was composed of W. F. Bolin, Berney Harris, Martin Borrusch and M. A. Turner.

THE FOURTH AT THE JUNCTION.

Large Crowds in Attendance and All Enjoyed the Celebration.

The Fourth of July celebration at Burlington Junction was a great success and was largely attended. The celebration was held in the grove near that place.

There were no accidents or disorderly conduct on the part of any one. The speakers of the day were Prosecuting Attorney George Pat Wright of Maryville and Rev. Sappenfield and Rev. J. W. Love of the Junction. Music for the occasion was furnished by the Maryville band, which was greatly appreciated.

Here From Higginsville.

Professor and Mrs. N. M. Sowder of Higginsville, Mo., were Fourth of July guests of Mrs. Sowder's mother, Mrs. R. H. Perry. They went to Pickering Friday, accompanying Professor Sowder's mother, Mrs. N. Sowder, Sr., who had also been a guest of Mrs. Perry, to spend a few days with her. Professor Sowder has been re-elected superintendent of the schools at Higginsville. He and Mrs. Sowder will return to continue their visit with Mrs. Perry.

Miss Dorothy Deerwester, who has been a guest of Mr. and Mrs. J. B. Robinson for several days, left Friday for a visit at Independence, Mo.

CHARGED WITH SELLING WHISKY

Milton Robinson of St. Joseph, Who Was Indicted by Grand Jury, Arrested Thursday.

Milton Robinson, a traveling salesman for a St. Joseph whisky house, was arrested Thursday on a charge of violating the local option law. He was indicted by the grand jury at the February term and was not served with the warrant until Thursday, as the authorities had been unable to find him. He gave bond for \$500.

ARRESTED ON SERIOUS CHARGES.

Walter Griffin of Near Burlington Junction Charged With Seduction Under Promise of Marriage.

Walter Griffith of near Burlington Junction was arrested Thursday and brought to Maryville on a charge of seduction under promise of marriage. He is a young man of about thirty years and was granted a divorce at the June term of court.

He gave bond for \$1,000 and his case will come up in November. The alleged deed was committed in June, 1911.

WAS BADLY BURNED.

A Bunch of Firecrackers Exploded in Garland Miller's Breast Pocket.

Garland Miller, the 13-year-old son of County Surveyor George Miller, was the only one so far as The Democrat-Forum could find out, that met with an accident by using firecrackers. The young boy came uptown Friday and purchased a package of firecrackers, putting them in his pocket. He had used one of them, but those in his pocket exploded, badly burning the boy's left leg and arm. His clothes were also badly burned. Dr. K. C. Cummins was called to attend him. His injuries are painful.

HOPKINS WON THE GAME.

Defeated the Maryville Ball Team on the Fourth by a Score of 3 to 2.

One of the best games of base ball played here since the days when we had a league team was pulled off Thursday between Hopkins and Maryville at Riffe's park. The final score was 3 to 2 in favor of Hopkins, and the game was close all the way through. About 150 rooters from Hopkins witnessed the game and were enthusiastic supporters of their team. Malone and Carmichael did the pitching for the Hopkins boys, while Maryville had the following line-up:

Clark, catcher; Wilson, pitcher; Simons, first base; Miller, second base; Wray, third base; Taylor, shortstop; Adams, left field; Bassford, center field; Hopper, right field.

The umpire was Garnett of Skidmore.

Next Sunday afternoon the Barnard team is to play the local boys, when another good game is expected. Barnard won a game from the town boys on their home lot a week ago Sunday.

STATE NORMAL NOTES.

A very pleasing musical program was given at the Normal assembly hour this morning by Prof. Landon, Mr. W. E. Robinson of the Conservatory of Music, and Mr. Harry Mutz. Mr. Landon opened the program with two piano numbers. Mr. Robinson followed with three selections on the violin, and the program was closed with three songs by Mr. Mutz.

The committee appointed by the county organizations of the Normal for the purpose of making the rules and regulations for a permanent museum is meeting today. The committee is composed by Mr. Eckelberry, Mr. Channon, Miss Ray, Mr. Vogelgesang and Misses Minter and Taggart. The museum will be of an educational nature, and will have exhibits from the entire northwest district.

Dr. Taylor has secured from the Wabash railroad officials the promise of a special train of not less than six coaches for the Conception trip, provided 333 people go. That number is almost assured now. The trip will be made July 13, the train leaving Maryville at 11:15 a. m. and returning from Conception at 5:30 p. m.

The weekly vesper hour of the Normal will be held tonight from 7:15 to 8:15 in the grandstand of the athletic park. Prof. Miller will take up the hour giving a reading from "Ben Hur." Everybody is invited to attend. There is no charge connected with these meetings.

Among the visitors at the Normal assembly this morning were Prof. E. A. Hanna of Hopkins, Mr. and Mrs. T. J. McWilliams of Plattsburg, Misses Bessie Welch and Bertha Newman of Albany and Mrs. Wilkinson of Union Star.

Dr. and Mrs. Gomer John of Wilcox were in Maryville Friday.

SOLD MUCH BEER.

On Account of Fourth of July Business the Bottling Works Ran Out of Beer.

The Maryville bottling works ran out of beer Thursday night and was unable to supply the calls for cases for the thirsty ones. On Wednesday over one road the express agent billed over 150 cases of beer. The Fourth of July business was very heavy. But the beer supply is heavy today, as another car came in.

Was Only 96 Thursday.

The mercury went up to 96 Thursday afternoon, according to Weather Observer Brink.

Spoke at Allendale.

Anderson Craig, a candidate for the Democratic nomination for state senator, spoke at Allendale at the Fourth of July celebration.

THE WEATHER

Generally fair and continued warm tonight and Saturday.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the New Drug.

An eminent skin specialist recently discovered a new drug, othine—double strength, which is so uniformly successful in removing freckles and giving a clear, beautiful complexion that it is sold by any first class druggist under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first night's use will show a wonderful improvement, some of the lighter freckles vanishing entirely. It is absolutely harmless, and cannot injure the most tender skin.

Be sure to ask for the double strength othine; it is this that is sold on the money back guarantee.

Dinner Guests the Fourth.

Mr. and Mrs. F. J. Yeomans had for their dinner guests on the Fourth Mr. Yeomans' mother, Mrs. S. J. Yeomans of Hopkins, and Mrs. Yeomans' sister, Mrs. N. F. Humber. On Friday the same company was entertained by Mrs. Humber at her home on South Fillmore street.

Thursday Dinner Guests.

Mr. and Mrs. Howard McCommon were host and hostess at 12 o'clock dinner on Thursday, the Fourth, to Mrs. Richard Saunders and her daughter, Miss Helen, of Kansas City; Professor B. A. Dunn of Waukegan, Ill.; Miss Maida Michau of St. Joseph and Mr. and Mrs. J. H. Saunders of this city.

Fishing and Picnic Party.

Mrs. Alice Lake, Mrs. M. W. Moore, Mrs. Thomas Wadley and Miss Maud Eversole comprised a fishing and picnic party on the 102 on the Fourth of July evening. But they did not catch any fish because there are none this dry weather. The water doesn't ever run over the dam, and of course there are no fish there or they would have caught some.

Married on the Fourth of July.

Rev. W. J. Parvin of the M. E. church, South, considers his celebration of the Fourth of July as perfectly sane and highly proper. He had a wedding. At 3 o'clock in the afternoon he performed the ceremony that united the lives of Miss Lydia M. Owens of Skidmore and Mr. David E. Diddings of Maitland. A brother of the bride witnessed the ceremony, also Mr. and Mrs. H. F. McDougal.

Married at Parsonage.

Mrs. Pansy C. Proctor of Orrsburg and Mr. Granville Herndon of this city were married Wednesday evening at 5 o'clock at the home of the officiating minister, Rev. Dr. J. S. Ford of the First M. E. church. Attending the bride and groom were the bride's uncle and aunt, Mr. and Mrs. Charles Green. Mr. and Mrs. Herndon have gone to housekeeping at 313 East Fourth street, the residence recently vacated by Mr. and Mrs. Dick Strong.

Bride and Groom Their Guests.

Mr. and Mrs. R. E. Snodgrass, 1307 East Third street, are entertaining Mrs. Snodgrass' sister and her husband, Mr. and Mrs. Elmer E. Corken of Burlington Junction, who arrived the Fourth. Mrs. Corken was Mrs. Daisy Young of Hopkins until her marriage last week. Her little daughter, Vida Young, and little niece, Alline Ewing of Kansas City, are also guests of Mr. and Mrs. Snodgrass, and Mr. and Mrs. C. G. McMillen of Pickering were added to the company Thursday evening at luncheon.

Entertained Friends.

Orville and Vida Carmichael entertained with a Fourth of July dinner at the home of their parents, Mr. and Mrs. H. J. Carmichael, 320 South Laura street, their guests being Carl Wright and Roderick and Dorothy Messecar. Carl Wright, whom we all know as the patient of the great Chicago specialist, Dr. Murphy, at St. Francis hospital, under the care of Dr. Will Wallis and Dr. Charles T. Bell, is getting along nicely. He feels considerably better, as he does not have so many bad days as he used to have.

Engagement Announcement.

The marriage engagement of Miss Harriet Schumacher of Green Bay, Wis., and Mr. Robert Burns of Madison, Wis., is announced, the wedding to take place the 7th of August. The bride-elect has frequently visited in Maryville with the family of her uncle, Mr. N. Schumacher, and was much admired, not only for her charming personality but for her excellent social qualities, and the announcement of the approaching wedding will bring her many happy wishes. Mr. Burns, her betrothed, is a professor in one of the schools of Madison.

For St. Joseph Guest.

Mrs. Ferdinand Townsend gave an informal kensington and luncheon the afternoon of the Fourth, as a compliment to her cousin, Miss Maida Michau of St. Joseph, Mrs. Lafa C. Aldender of Atlantic, Ia., and Miss Helen Saunders of Kansas City, who, with her mother, Mrs. Richard Saunders, was Mr. Howard McCommon's guest. The guests aside from the honor guests were Miss Esther Shoemaker, Miss Laura Barmann, Miss Maud Ballum, Miss Dorothy Pierce, Miss Susie Ellison, Miss Julia Tate, Miss Jeanette Tate, Mrs. Luther Forsyth, Mrs. M. G. Tate.

Miss Carrie Waugh Married.

Miss Carrie Waugh, a sister of Mrs. I. J. Phipps of this city, who has been teaching in the schools of Boise, Idaho, the past year, was married the evening of Wednesday, June 26, to Mr. Nathan J. Anderson, a young furniture manufacturer of Jamestown, N. Y. The wedding took place at the home of the bride's sister, Mrs. Harry Keyser, of Boise. The newly-weds arrived in Maryville last Saturday evening and were guests until Friday evening at the home of Mr. and Mrs. I. J. Phipps, when they went to Grant City to visit the bride's parents, Mr. and Mrs. W. W. Waugh. The bride is known quite well socially in Maryville. She graduated from the Northwest Normal in the August class of 1910. She went to Idaho soon after and secured a position in the schools of Ustick, a suburb of Boise, where she taught until within a few days of her marriage. The bridegroom is engaged with his father in the manufacture of furniture at Jamestown. Mr. and Mrs. Anderson will leave for New York next week.

THIS LADY'S GOOD APPETITE

Mrs. Hansen, in a Letter From Mobile, Tells How She Gained It.

Mobile, Ala.—"I suffered for seven years, with womanly trouble," writes Mrs. Sigurd Hansen in a letter from this city. "I felt weak and always had a headache and was always going to the doctor. At last I was operated on, and felt better, but soon I had the same trouble."

My husband asked me to try Cardul. I felt better after the first bottle, and now, I have a good appetite and sleep well. I feel fine, and the doctor tells me I am looking better than he ever saw me."

If you are sick and miserable, and suffer from any of the pains due to womanly trouble—try Cardul.

Cardul is successful because it is composed of ingredients that have been found to act curatively on the womanly constitution.

For more than fifty years, it has been used by women of all ages, with great success. Try it. Your druggist sells it.

N. B.—Write for: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment of Women," sent in plain wrapper, on request.

Missouri Editors to Meet.

Fulton, Mo., July 5.—The annual summer meeting of the Missouri Press association will be held in Hannibal, Mo., August 20-23 inclusive. An interesting program will be mailed to members about August 1.

REBEL ARMY IS DEFEATED

Failed to Hold Bachimba Pass Against Mexican Troops.

HEADQUARTERS NOW AT JUAREZ

Lack of Ammunition Given by Orozco as Cause of Failure—Chihuahua Abandoned and Street Mined for Federals.

Chihuahua, Mex., July 5.—Except for a volunteer body of police the city of Chihuahua is now deserted by troops. The rebels who had occupied the city for nearly five months as their capital and base of operations, evacuated in the face of a rapidly moving column of federal cavalry, the vanguard of Gen. Huerta's army which drove the rebels from Bachimba, 40 miles south of here.

Gen. Orozco is at Sauz, 30 miles north of here, while the main columns of rebels are encamped at Montezuma, only 114 miles from the American border. All day long the rebels retreated. The city of Chihuahua, with its nervous colony of foreigners, was left untouched by the rebels, troop trains being sent through at full speed by Gen. Orozco, to prevent looting and disorder.

All Bridges Destroyed. Preparations were made by the rebels to isolate the city of Chihuahua, all bridges having been destroyed south of here during the day. The work of tearing up the Mexican Central railroad was detailed to a dynamiting crew which left here with the last of the rebel forces.

All rebel officials left on the last train. The foreigners remain in their residences, raising flags of all nations.

The rebels will mobilize at Juarez, opposite El Paso, Tex., and Casas Grandes, southeast of the American border on the Mexican-Northwestern strategic entrance to the state of Sonora. Juarez will be the rebel capital hereafter.

General Orozco admitted that lack of ammunition and superior federal artillery made it futile to attempt to hold Bachimba.

Guerrilla Warfare Now.

Rebel officials claim it will be guerrilla warfare from now on with most of their operations in the wealthy state of Sonora. There is no question about the apparent disorganization of the rebels, but it is probable that the invasion of Sonora will mean a serious problem for the government, as the region is mountainous and impassable to artillery or troop trains.

Chihuahua is Mined.

El Paso, Tex., July 5.—Reliable information was received here that hundreds of dynamite mines are buried in the streets and houses in the city of Chihuahua in preparation for the entry of the federals. They have been laid where they will explode upon the slightest contact.

LORIMER STANDS POOR CHANCE

Polls Made to Learn House Sentiment Indicate Illinois Senator Will Be Unseated.

Washington, July 5.—The prevailing opinion here is that when the roll is called on the Lorimer case the Illinois statesman will be transformed into an ex-senator. The last polls made to ascertain the sentiment in the upper house as to Lorimer all indicated that his support would be far short of a majority. To retain his toga the "boss" will be required to show 48 votes in his favor. In the polls it appears fewer than 40 senators will vote for him.

A legislative day may string along like a Baltimore convention. While the statesmen are taking recesses, instead of adjournment the original date stands in the official record. It is expected there will be considerable debate, but as to the final outcome the chances seem to be strongly against the Illinois senator.

TO ADOPT MISSOURI ROAD PLAN

Tri-State Convention at Monte Ne, Ark., Ends With Over 5,000 in Attendance.

Monte Ne, Ark., July 5.—Coming out squarely for state aid and speaking by progression from three platforms because of the great size of the crowds, good roads advocates closed the Tri-State Good Roads convention at this resort. The attendance on the closing day exceeded 5,000.

Reciting that local efforts at road building have proven ineffective and pointing out that Missouri and other states are making rapid progress through the adoption of the state aid plan, state Senator P. A. Rogers secured the passage of a resolution urging that the next Arkansas general assembly divert the state capital tax to highway building.

Boy Killed by Runaway.

Clay Center, Kan., July 5.—Roy Petermeyer, a 10-year-old boy, was thrown from a buggy in a runaway here and killed. His father, A. Petermeyer, who was driving, and a sister, who was in the buggy, were thrown out and dangerously injured.

SPENT DAY IN WHEAT FIELDS

KANSAS FARMERS TOO BUSY TO CELEBRATE.

Picnics Attended by Townspeople and Women, While Men Rushed Harvest Work.

Topeka, July 5.—Kansas celebrated July 4 in a different manner than recent years. It is probable that there was less noise in Kansas than on any Fourth in the last five.

Reports received here from nearby towns which planned picnics indicate that townspeople only and the women folks in the country attended them.

Kansas farmers celebrated by cutting their wheat. No better day could be imagined for this, and the rains Monday night stopped work in most of eastern Kansas, so the owners of the biggest wheat fields Kansas has had in years are running binders and headers overtime.

The Kansas towns arranged "denatured" celebrations. The big cannon crackers, the bombs, the toy pistols and dynamite caps no longer play an important part in the celebrations and in the larger towns all fireworks are prohibited. The following Kansas towns have same Fourth ordinances: Chanute, Leavenworth, Parsons, Ottawa, Hutchinson, Clay Center, Wichita, Holton, Kansas City, Emporia, Atchison, Bennington, Newton, Topeka, Salina, Beloit and Osage City.

All but Parsons, Beloit and Salina absolutely prohibit the shooting of any fireworks in the city limits. Some of them permit the sale of fireworks but most of them not only prohibit the use but the sale of fireworks within the city. The three towns named permit the sale of fireworks and their use in restricted districts.

HAD NEW WAY TO HIDE A JOINT

Wichita Raiding Party Found a Brick Wall Which Swung in Like a Door.

Wichita, Kan., July 5.—Following out information that several of the jointists here had stocked up for the Fourth with beer, the police raided a number of places and confiscated 300 bottles of beer and 250 bottles of whiskey.

A few men found in the places were taken into custody. Entirely new features were encountered in "plants." At one place when a buzzer brought the news that the police were approaching the law enforcers encountered a supposed brick wall when they swung open a door.

One of the raiders, however, sought to investigate more closely and touched the wall; it swung back and disclosed a small room in an alleyway between two buildings. The "brick wall" was built in a frame and hung on hinges. Two hundred "cold ones" were found here.

At the Planters hotel the police got into the cellar before they had been anticipated. A fresh appearing dent in the floor led to an investigation and a door was found leading to an underground passage that was 50 yards long. It was stocked with beer and whisky.

Wichita experienced a dry Fourth after the police had made their cleanup.

TRAIN HIT DOCTOR'S MOTOR CAR

Prominent Wichita Physician Killed and His Two Children Injured at Grade Crossing.

Wichita, Kan., July 5.—Dr. P. S. Thomas, 54 years old, one of the most widely known physicians in Wichita, was killed when a southbound Santa Fe passenger train struck his motor car as he was crossing the tracks at Thirteenth street.

His son Whitney, 10 years old, suffered a broken leg and his daughter Katherine, 7 years old, had an arm broken. Both children were bruised severely. The car was wrecked.

The crossing where the car was struck is almost a blind one, with the track raised some little distance above the pavement.

Women's Clubs Elect President.

San Francisco, July 5.—Mrs. Percy V. Pennybacker of Austin, Tex., is the new president of the General Federation of Women's clubs. Her election by a small majority over Mrs. Philip Carpenter of New York, was announced here at the regular business session of the federation's convention, now in session.

Missouri Shoe Industry.

Washington, July 5.—Missouri ranks second as a shoe manufacturing state. The census figures just announced show that the total production for a year was valued at \$512,750,000, of which Massachusetts is credited with \$235,000,000 and Missouri with \$48,750,000. New York state is a close third, with \$48,600,000.

Pleasure Steamer Turns Over.

Memphis, Tenn., July 5.—The pleasure steamer, Mattie Couch, operating between Memphis and the Arkansas side of the Mississippi river, turned over in midstream while outbound with scores of pleasure seekers early in the afternoon. Nobody drowned, although a number of passengers had thrilling experiences.

A marriage license was issued Thursday by Recorder Wray to Daniel E. Iddings of Maitland and Lydia M. Owens of Skidmore.

TRAINS CRASH IN HEAVY FOG

Passenger Train Was Held Back by Lackawanna Freight.

EXPRESS PLOWS THROUGH CARS

Day Coaches Hurled Down Steep Embankment—Many People Killed and Wounded—Babies and Children Victims.

Corning, N. Y., July 5.—At least 34 passengers were killed and 50 injured when an express train crashed into the westbound Lackawanna passenger train No. 9, hidden by a fog two miles east of this city.

Thirty-four bodies had been taken from the debris three hours after the wreck. Among the injured were several babies and children.

The passenger train, which runs from New York to Buffalo, had been standing on the track for 20 minutes, when the express train, which carries no passengers, struck it in the rear at full speed.

The two day coaches attached to the rear of the passenger train were hurled down an embankment and the express plunged half way through the rear Pullman of the standing train before it came to a stop.

Emergency Room Full.

Most of the killed were passengers in the day coaches. The injured were brought to the hospital here. At one time there were 50 persons, many of them dangerously injured, lying on the floor of the emergency room at the hospital. Every undertaker in Corning was called to help care for the dead, but their wagons were first pressed into service to carry the injured to the hospital.

The place where the wreck occurred was a straight stretch of track. So far as can be ascertained, William Shaver, the engineer of the express train, had no warning that the passenger train was in his way. It is believed that when he first saw it, he supposed the train was standing on a parallel track.

Many Were Undressed.

The crowded passenger train was held up by a break in a freight train on the track dead ahead. Most of the dead and injured, it is believed, were from Scranton and Newark, and that makes the identification here difficult at this time.

The fact that many of the passengers were undressed greatly delayed the identification of the dead and of the injured, who were unconscious.

One of the unidentified bodies was that of a young woman believed to have just been married. She had upon her finger a ring bearing within the inscription "F. C. M. and A. B., July 3, 1912."

BIG TEXAS METEORITE IS SOLD

Last Piece of Great Stone Shipped to Eastern Mineral Company—Fell 32 Years Ago.

Lubbock, Tex., July 5.—The second and last piece of the large meteorite which fell in Hale county, several miles north of here, 32 years ago was just shipped by B. O. McWhorter, the owner of the land, to the Foot Mineral company of Philadelphia. This meteorite weighed 875 pounds. When it struck the earth it split in two.

About seven years ago Mr. McWhorter sold the larger piece of the strangely mineralized stone for \$500 and it was shipped to an Eastern concern for laboratory purposes. To what use this second part of the meteorite is to be put is not known here. It is said to contain rare minerals.

Sun Ignited Fireworks.

Salina, Kan., July 5.—The hot rays of the sun ignited \$50 worth of fireworks in the show window of the Eckstrand Drug company here. A large plate glass window was blown out and fire caused damage amounting to about \$500.

Rebels Kill an American.

El Paso, Tex., July 5.—William Adams, an American, has been killed by rebels at Colonia Diaz. This makes nine colonists who have been killed by rebels in the settlements south of Juarez since the revolution started.

THIS IS CERTAIN.

The Proof That Maryville Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Miss Harriett McClurg, 405 East Thompson street, Maryville, Mo., says: "I gave a public statement in favor of Doan's Kidney Pills in September, 1908. Since then I have had occasional attacks of kidney complaint and I have always used Doan's Kidney Pills successfully at such times. I recommend them whenever an opportunity is given me. I was troubled with pain and weakness in my back and hips and could hardly get about. Doan's Kidney Pills corrected these troubles immediately, and after using them I felt better in every way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

BLACK MAN STILL HOLDS HIS TITLE

Johnson-Flynn Fight Stopped in Ninth Round by Police.

BATTLE WAS DISGUSTING SIGHT

White Man's Foul Tactics Caused Official Interference—Was Financial Loss—Ends Fistic Game in New Mexico.

East Las Vegas, N. M., July 5.—The most scintillating "hope" in the fistic constellation was snuffed out here and ink still reigns supreme. Jim Flynn was not knocked out, but his work was so crude that even Capt. Fred Fornoff, Rough Rider, refused to allow him to butt any more, and barely after the beginning of the ninth round the head of the state mounted police crawled into the ring, followed by a score of his Rough Riders, and put an end to the proceedings.

Flynn wasn't knocked out—he was saved by the state. But the decision, according to agreement made by both fighters several days ago, went to the champion, who led in every round and undoubtedly would have been the ultimate victor.

Disgusting Scene.

It probably was the most disgusting fight ever known in ring annals.

By actual count, the Puebloan butted Johnson 15 times after the fourth round, and three times he struck low deliberately.

As to the fight, Flynn was like a baby in its mother's arms before the dusky champion. The only thing he

Jim Flynn.

sustained was his wonderful physical condition. As predicted, Flynn battled away with dogged determination, but not once during the eight rounds and 59 seconds did the challenger land a clean blow.

For the first three rounds the champion fought lazily, but when Flynn introduced his goatlike tactics, the negro added a little more steam to his punches and soon had Flynn a bleeding mass.

The Affair Called Off.

When the ninth round was called, it was plain to all that the affair wasn't going to last much longer.

They rushed to a clinch and Flynn again used his head. Referee Smith started toward Flynn as though to disqualify him, but by this time Capt. Fred Fornoff of the state police was in the ring and the affair was off.

Financially the fight was a loss. Promoter Curley assumed a debt of more than \$50,000 by staging the bout, while it is said that the gross receipts didn't exceed \$40,000. Flynn will not receive one cent for his work and some three months of heroic training have been wasted. The crowd did not exceed 4,000, and they left the Meadow City as rapidly as they could with many knocks against the fighting game in general.

The result of the fight marks the death knell of fighting in New Mexico. This comes from no less authority than Capt. Fred Fornoff of the state police.

Minnesota Law Against It.

St. Paul, Minn., July 5.—The Progressive party being organized under the leadership of Theodore Roosevelt cannot take part in the primaries in Minnesota this fall, according to an opinion issued by Attorney General Lyndon A. Smith. The party has no legal standing here and cannot qualify under the provisions of the state law, according to the conclusion reached by the attorney general.

Fired Loaded Cartridge.

Atchison, July 5.—Fred Shackelford, 14 years old, shot Rolfe Jackson, 17 years old, with a 22-calibre pistol. The boys were celebrating the Fourth and the Shackelford boy had been shooting blanks. The loaded cartridge was placed in the weapon by mistake. The Jackson boy was hit in the abdomen and his condition is dangerous.

This Aviator Escaped.

Kirksville, Mo., July 5.—George Underwood, flying in a Sparling biplane, narrowly escaped injury here when his machine was caught in a strong wind and fell 50 or 75 feet to the ground. Fortunately for the aviator, the machine landed on its side and one of the planes broke the force of the fall. The machine was wrecked.

HAD PARADE OVER A MILE LONG

Sedalia's Sane Celebration at State Fair Grounds Drew More Than 12,000.

Sedalia, Mo., July 5.—Central Missourians held their first sane celebration of Independence day with a farmers' institute and basket picnic at the state fair grounds here. The attendance was between 12,000 and 15,000, despite the fact that the wheat harvest is in progress.

Shortly before noon there was a parade more than a mile long, with six bands and delegations from the various townships in Pettis county, riding in motor cars, other vehicles and on horseback. There were numerous floats, several from the rural districts being decorated with flowers, grasses and grain, and occupied by young women dressed in white.

Incurable.

Carl Wray, cashier of the Bank of Guilford, wrote the following for this week's issue of the Guilford Times:

"What's the matter with the fellow over yonder by that tree? Something has him by the vitals. He is pale as he can be. Must have something when a man breaks up like that. Maybe lost his entire family, or perhaps has broke flat. Hush, my friend, that pale faced mortal has to face a sorry fix. No, it isn't indigestion, but he's sick with politics."

"When the patriots at Chicago stirred up such a pretty mess this poor fellow said: 'There's nothing left but Baltimore, I guess,' and it seemed that he grew better until the air down there got blue, and somebody went and told him, 'Baltimore has got it, too.'"

"Now he takes it worse than ever. Hardly ever goes to meals; just sits down somewhere and whittles, playing ragtime with his heels. Doctors say that they can't cure him and he's cross as forty sticks, so I guess he'll have to suffer right along with politics."

MARYVILLE, MISSOURI, FRIDAY, JULY 5, 1912.

NO. 28.

WAITING FOR WIVES

RURAL HOMES IN WHICH A BETTER HALF IS LACKING.

WANT CITY ADVANTAGE

Dr. Cutler Says Present Day Girls Have Erroneous Ideas of Dignity of Farm Life.

Hundreds of young women are missing the chance of a life-time in Missouri today to enjoy a contented, prosperous, health giving existence with comparatively little work. In practically every part of the state attractive homes of your farmers are open to them—homes that are vastly different from what the average girl thinks they are, furnished in comfort, equipped with every sort of labor saving device found in the city and quite often supporting a servant.

Dr. William P. Cutler, state dairy, food and drug commissioner, who travels thousands of miles and whose work brings him in touch with people in every section of Missouri, says such a condition exists and that it is the most remarkable thing in rural life of the state today.

"Why, I have found these young farmers everywhere," he says. "They have put up fine houses, put money into the bank, bought carriages and motor cars and other luxuries. Then they have turned their minds toward getting married. But the marriageable girls have refused to leave the cities. They still think of farm life as it was fifty years ago, and the young men, although not personally objectionable, have not been eloquent enough to make them realize what they have to offer them. It is a chance of a life-time that they are missing."

Doctor Cutler says he is not aiming to start a matrimonial bureau, nor does he want to assume the responsibilities along with his many other duties, but he knows personally many of the young men who have searched in vain for the right young woman. And those same farmers, several with an agricultural college education, are ideally situated to make a happy home.

The farmers' daughters and girls of the small towns rarely reject such offers, but there are not enough of them. Frequently some of them want to see the cities, Dr. Cutler says, but they soon realize their mistake and come back. They know now how the lot of a farmer's wife has changed in recent years.

"There are more young farmers in Missouri today than ever before and the number is constantly increasing," Dr. Cutler went on. "Farm houses are no longer the makeshift affairs they were ten or fifteen years ago, and farm life is no longer a humdrum matter for the women. Pretty soon the Missouri girls are going to wake up and the young farmer with one of these modern homes will be considered a prize as a husband."

"Just to show how conditions have changed, let me give you an example. It is not an extreme case, either, for I can tell of many others just like it. In Northwestern Missouri is a young man who graduated from the college of agriculture a few years ago. He has a fine farm of 200 acres paid for. He has built a splendid brick cottage, with a spacious lawn. There are bathrooms and running water from an individual plant. He manufactures his own gas for lighting and cooking. The cottage is furnished with furniture and pictures of the best taste, and there is a piano and an Oriental rug thrown in for good measure. A motor car takes him five miles into town in a very few minutes. Also he has a telephone and a daily rural mail delivery. On the second floor is a library. In the kitchen is a refrigerator with a plentiful supply of ice cut in the winter time ready to be carried in whenever needed, and in addition that kitchen has every labor saving device that a woman could wish for. A small frame house back of the cottage serves for servants' quarters."

"That house is the home of the young farmer alone. He is a modest young man, who says that he wants a wife, but that he has feared to ask any of his girl friends in the city to try life on a farm."

"Now that sounds like an extreme

case, but I know from my personal visits over the state that there are many similar homes or homes almost as good on Missouri farms waiting for sensible, good girls. And some time soon these girls are going to find out that there is little joy in selling ribbons over a counter in a stuffy, hot city, compared with present day life on a farm and occasional visits to the city."

FIRST TO GET PENSION RAISE.

Gottlieb Kuenster of Denver, Col., Given Initial Increase Under the New Law.

In Wednesday's issue of the Denver, (Col.) Republican, appears a picture of Gottlieb Kuenster, formerly a resident of Maryville for many years, but now living in Denver. The article in the paper about Mr. Kuenster follows:

Gottlieb Kuenster, veteran of the Twenty-second and Twenty-fourth Illinois infantry, is the first civil war soldier in Denver to receive notification that his pension has been increased. The papers arrived yesterday.

Mr. Kuenster determined to have the honor of being the first to hear from Washington, and when he read that President Taft had signed the pension bill he sent his application immediately. His comrades do not expect to hear from their applications for several days.

Mr. Kuenster was born in Germany December 26, 1835. He came to America when he was 20 years old and became a foreman over a gang of slaves working on a Missouri plantation. When Fort Sumter was fired on he informed one of the negroes that the race soon would be free.

The news spread among the negroes and then among the slaveholders. Mr. Kuenster did some spreading himself that night. He "spread" over fifty miles of territory in the lead of a posse, he says, laughing at the recollection, which was anxious to put a rope around his neck. He joined the Union army at Waterloo, Ill., and served three years and four months. He was wounded in the knee at Chickamauga.

After the war Kuenster went back to Germany to renew a courtship which the war had interrupted. The wedding day had been set, when a military guard arrested Kuenster and took him before the general. He was ordered to see the tailor about a new uniform.

"I am an American citizen," said Kuehster, "and I owe no allegiance to the emperor. You can take your choice, shoot me or let me go."

The general admonished him that he should show equal fealty to the land of his birth.

"I had nothing to do with fixing my birthplace, but I am free to choose my flag," he answered.

The general dismissed him and Kuenster soon sailed with his bride for America. Mrs. Kuenster died five years ago.

Kuenster is an ardent fly-swatter. He kills every fly he sees and he declares if everybody would join the campaign the pest soon would be eliminated.

DO NOT BE SWINDLED.

Commercial Club is Making Efforts to Suppress Agents or Beggers With Fake Propositions.

A plan that is now being taken by the Commercial club, and which should have the endorsement of all, is to stop beggars or agents with fake selling propositions. The club would like to have people not patronize these people unless the proposition is investigated by the club to see if it has any merit. This plan will be a benefit to both the citizens and merchants of Maryville and the county, and is started to aid the honest man and make it harder for the grafter.

When a man comes to you with a proposition of this kind, if he hasn't a card from the Commercial club, tell him to go to the president or secretary of the club and let them investigate the proposition, and if it is deserving of course the club will issue a card to him.

There will be an election held at Ravenwood at the city hall on July 15, for the purpose of filling a vacancy caused by the resignation of William Yeary on the town board of trustees.

Miss Hallie Hamm and her little sister, Ruth, of Hopkins were Fourth of July guests of their aunt, Mrs. Charles Strawn, and family.

TO INSPECT ROADS

GOV. HADLEY AND PARTY OUT ON GOOD ROADS TRIP.

ARE TO BE HERE JULY 17

Dinner Stop Will Be Made at Maryville When They Will Be Guests of Commercial Club.

Governor Hadley, the members of the state board of agriculture and State Highway Engineer Curtis Hill will be in this part of the state about the middle of this month, and they will advocate auto roads. The object of the trip is to awaken more of an interest in good roads.

A schedule has been arranged and a blue print of the roads to be taken prepared in the office of the state highway engineer.

Under the schedule submitted, the Saints Highway will be traveled on Wednesday, July 17. The start will be made at St. Joseph at 8 o'clock that morning, cars being furnished by the St. Joseph Automobile club, and the trail will lead through Savannah, Rosendale, Bolckow, Barnard and to Maryville, where the party will take dinner at the Linville hotel and will be guests of the Commercial club. From Maryville the party will go to Pickering and Hopkins, and from there to Orsberg, Parnell, Sheridan and Grant City, arriving at that town at 5 o'clock in the afternoon to remain over night.

The next morning the party will leave at 8 o'clock and go through Worth to Stanberry, twenty miles, reaching there at 9:55, and joining the other division of the party at 10 o'clock the forenoon of July 18.

While the first division is making the All Saints Highway another will leave St. Joseph over the interstate trail for the north. This will go through Cosby, Union Star, King City, Ford City and Albany, arriving at Albany, fifty miles from St. Joseph, at noon. The start will then be made at 1 o'clock and the towns visited will be New Hampton, Bethany and Stanberry, arriving at the last named place, ninety-six miles from St. Joseph, at 5 o'clock in the evening, for an all-night stay.

The start back to St. Joseph will be made from Stanberry over the Ayr Line road at 10 the next morning, and this will pass through Island City, Douglas, Rochester and on to St. Joseph, in all forty-five miles. The travelers are to reach St. Joseph at 1 p. m.

Efforts are being made to get the party to change their schedule in this part of the state. The party that comes to Maryville are wanted to go over the Glidden route from here to Tarkio on the second day of the trip, and then return to St. Joseph by way of Mound City. The schedule for the first day of the trip is suitable to the autoists here, with the exception that they should spend the night in Maryville instead of Grant City. Paul Sisson has written Mr. Hill in regard to the matter and will probably hear from him soon.

GRAHAM WOMAN INJURED.

Mrs. Mary Schmidt Fell on Sidewalk at That Place and Injured Her Hip.

Mrs. Mary Schmidt, mother of C. P. Schmidt and J. N. Schmidt of Graham, while attending the Fourth of July celebration at Graham, slipped and fell on the sidewalk, injuring her right hip joint. She was taken to her home of her son, J. N. Schmidt, who lives in Graham, where she was cared for by Dr. Morgan and Dr. Rowlett. Mrs. Schmidt is 74 years old, and the injury is likely to prove a severe one with her. She makes her home with her son, C. P. Schmidt, who lives east of Graham.

RIVER IS RAISING.

Manager Roseberry Don't Look For any Shortage of Water This Summer.

The 102 river is raising, according to Manager G. B. Roseberry, Friday. The water is now running over the dam. Mr. Roseberry is of the opinion that there will be no shortage of water this year as there was last summer.

Returned From California.

Robert Crail returned Thursday from a three months' trip to Los Angeles and other cities in California. He was accompanied back as far as Junction City by Mrs. Crail and son, Scott, who will remain there for a few days' visit with Mrs. Crail's parents.

BIG CROWD AND FINE TIME

Fourth of July Celebration a Success, and Committee in Charge Meeting Much Praise.

The Fourth of July celebration given in Maryville was a great success, and was greatly enjoyed by the large crowd here. It is estimated that fully 6,000 people were in town, and it is remarkable to think that no accidents occurred and no arrests were made during the day. It was certainly a sane Fourth for Maryville.

While there were many firecrackers and fireworks, still not as many as in former years.

The celebration opened with a band concert by the Ladies' Military band, who furnished the music during the day. A number of songs were given by the Northwest Normal Quartet.

The main feature of the day was the barbecue dinner. It is estimated that over 4,000 people were fed, and there was enough to supply all but about thirty. The dinner was served by members of Company F, and it took them forty minutes to do it. There were thirteen quarters of beefs, three barrels of pickles, twelve bushels of potatoes and 1,000 loaves of bread for the dinner. It was served to the people in the court house yard, where there were plenty of seats and ice water.

The speakers of the day were B. R. Martin of St. Joseph and Dr. H. K. Taylor, president of the Normal. Both were listened to with attention.

An exhibition drill was given in the morning by the W. O. W. drill team, and in the afternoon military maneuvers by Company F.

The illumination parade by the Owls and the Woodmen of the World, given in the evening, was very pretty. It reminded one of the old-time political parades.

Owing to the high wind there was no balloon ascension in the afternoon at 5:30 as scheduled on the program. It took place at 7:30 o'clock and was witnessed by a large crowd. Prof. Waldorf Hall gave a parachute leap, lighting in a tree in Milton Rittenour's yard. He received a number of bruises and also had several ribs broken. He was taken to St. Francis hospital, but was able to leave town on this morning's train. No other balloon ascension was given that evening as was at first planned.

Sherman Reynolds won the greased pig contest and also the greased pole climbing contest. The prize of the first contest was a pig, which Mr. Reynolds sold for \$8, and the prize of the second contest was a ham.

The program was carried out as announced. The committee from the Owls and the Woodmen lodges deserve great praise for the celebration. Everyone seemed to have had a good time. The committee in charge was composed of W. F. Bolin, Berney Harris, Martin Borrusch and M. A. Turner.

THE FOURTH AT THE JUNCTION.

Large Crowds in Attendance and All Enjoyed the Celebration.

The Fourth of July celebration at Burlington Junction was a great success and was largely attended. The celebration was held in the grove near that place.

There were no accidents or disorderly conduct on the part of any one. The speakers of the day were Prosecuting Attorney George Pat Wright of Maryville and Rev. Sappenfield and Rev. J. W. Love of the Junction. Music for the occasion was furnished by the Maryville band, which was greatly appreciated.

Here From Higginsville.

Professor and Mrs. N. M. Sowder of Higginsville, Mo., were Fourth of July guests of Mrs. Sowder's mother, Mrs. R. H. Perry. They went to Pickering Friday, accompanying Professor Sowder's mother, Mrs. N. Sowder, Sr., who had also been a guest of Mrs. Perry, to spend a few days with her. Professor Sowder has been re-elected superintendent of the schools at Higginsville. He and Mrs. Sowder will return to continue their visit with Mrs. Perry.

Miss Dorothy Deerwester, who has been a guest of Mr. and Mrs. J. B. Robinson for several days, left Friday for a visit at Independence, Mo.

CHARGED WITH SELLING WHISKY

Milton Robinson of St. Joseph, Who Was Indicted by Grand Jury, Arrested Thursday.

Milton Robinson, a traveling salesman for a St. Joseph whisky house, was arrested Thursday on a charge of violating the local option law. He was indicted by the grand jury at the February term and was not served with the warrant until Thursday, as the authorities had been unable to find him. He gave bond for \$500.

ARRESTED ON SERIOUS CHARGES.

Walter Griffin of Near Burlington Junction Charged With Seduction Under Promise of Marriage.

Walter Griffin of near Burlington Junction was arrested Thursday and brought to Maryville on a charge of seduction under promise of marriage. He is a young man of about thirty years and was granted a divorce at the June term of court.

He gave bond for \$1,000 and his case will come up in November. The alleged deed was committed in June, 1911.

WAS BADLY BURNED.

A Bunch of Firecrackers Exploded in Garland Miller's Breast Pocket.

Garland Miller, the 13-year-old son of County Surveyor George Miller, was the only one so far as The Democrat-Forum could find out, that met with an accident by using firecrackers. The young boy came uptown Friday and purchased a package of firecrackers, putting them in his pocket. He had used one of them, but those in his pocket exploded, badly burning the boy's left leg and arm. His clothes were also badly burned. Dr. K. C. Cummins was called to attend him. His injuries are painful.

HOPKINS WON THE GAME.

Defeated the Maryville Ball Team on the Fourth by a Score of 3 to 2.

One of the best games of base ball played here since the days when we had a league team was pulled off Thursday between Hopkins and Maryville at Riffe's park. The final score was 3 to 2 in favor of Hopkins, and the game was close all the way through. About 150 rooters from Hopkins witnessed the game and were enthusiastic supporters of their team. Malone and Carmichael did the pitching for the Hopkins boys, while Maryville had the following line-up:

Clark, catcher; Wilson, pitcher; Simons, first base; Miller, second base; Wray, third base; Taylor, shortstop; Adams, left field; Bassford, center field; Hopper, right field.

The umpire was Garnett of Skidmore. Next Sunday afternoon the Barnard team is to play the local boys, when another good game is expected. Barnard won a game from the town boys on their home lot a week ago Sunday.

STATE NORMAL NOTES.

A very pleasing musical program was given at the Normal assembly hour this morning by Prof. Landon, Mr. W. E. Robinson of the Conservatory of Music, and Mr. Harry Mutz. Mr. Landon opened the program with two piano numbers. Mr. Robinson followed with three selections on the violin, and the program was closed with three songs by Mr. Mutz.

The committee appointed by the county organizations of the Normal for the purpose of making the rules and regulations for a permanent museum is meeting today. The committee is composed by Mr. Eckleberry, Mr. Channon, Miss Ray, Mr. Vogelgesang and Misses Minter and Taggart. The museum will be of an educational nature, and will have exhibits from the entire northwest district.

Dr. Taylor has secured from the Wabash railroad officials the promise of a special train of not less than six coaches for the Conception trip, provided 333 people go. That number is almost assured now. The trip will be made July 13, the train leaving Maryville at 11:15 a. m. and returning from Conception at 5:30 p. m.

The weekly vesper hour of the Normal will be held tonight from 7:15 to 8:15 in the grandstand of the athletic park. Prof. Miller will take up the hour giving a reading from "Ben Hur." Everybody is invited to attend. There is no charge connected with these meetings.

Among the visitors at the Normal assembly this morning were Prof. E. A. Hanna of Hopkins, Mr. and Mrs. T. J. McWilliams of Plattsburg, Misses Bessie Welch and Bertha Newman of Albany and Mrs. Wilkinson of Union Star.

Dr. and Mrs. Gomer John of Wilcox were in Maryville Friday.

SOLD MUCH BEER.

On Account of Fourth of July Business the Bottling Works Ran Out of Beer.

The Maryville bottling works ran out of beer Thursday night and was unable to supply the calls for cases for the thirsty ones. On Wednesday over one road the express agent billed over 150 cases of beer. The Fourth of July business was very heavy. But the beer supply is heavy today, as another car came in.

Was Only 96 Thursday.

The mercury went up to 96 Thursday afternoon, according to Weather Observer Brink.

Spoke at Allendale.

Anderson Craig, a candidate for the Democratic nomination for state senator, spoke at Allendale at the Fourth of July celebration.

TO HAVE ALL-DAY MEETING.

President of W. C. T. U. to Visit at Burlington Junction Next Thursday.

Mrs. Kate F. Newton, president of the Missouri Women's Christian Temperance Union, has arranged to be in Burlington Junction next Thursday, July 11, and members of the union at that place will have an all-day meeting at the Christian church. A good program has been arranged and Mrs. Newton will speak at 2:30 in the afternoon.

This meeting is not only for the members of the W. C. T. U. but all who are interested in the work are cordially invited to bring their dinners and stay all day. Dinner will be served in the basement. Following is the program for the day:

10 a. m.—Song and devotional.
Paper, "Education of the Child and the Hope of the Nation"—Mrs. Sarah Wolcott.

Recitation—John Guyette.
Our Prohibition States—Emma Johnston.

Talk, "The World Wide Co-Operation Between Temperance and Missions"—Mrs. Mary Saylor.

Song—Garnett Pralwater.
Round table, "How to Awaken Interest in New Fields."

Reading—Mrs. F. A. Hefflin.
Adjournment for dinner.

2 p. m.—Song and devotional.
Short talks by the ministers of the town on temperance work in the churches.

Solo—Mrs. Lula Harrington.
Address—Mrs. Newton.

Visitors From Maitland.

Mrs. Newton Roberts and her daughter, Mrs. Dale Roberts Mueller, and little son, of Maitland were visiting in Maryville among friends the Fourth.

Hogan's Alley tonight at the Fern.

Anselm Schumacher is on a month's trip through the west.

Mr. and Mrs. Judd Harrison of St. Joseph arrived Friday on a visit to Mr. Harrison's relatives.

Mrs. C. L. Adams and her sister, Miss Viola Kirk, of Hopkins were in Maryville Friday.

Otha C. Nicholson of Maitland and Miss Dessie D. German of Graham were married Wednesday in Maryville by Probate Judge Conn.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the New Drug.

An eminent skin specialist recently discovered a new drug, othine—double strength, which is so uniformly successful in removing freckles and giving a clear, beautiful complexion that it is sold by any first class druggist under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first night's use will show a wonderful improvement, some of the lighter freckles vanishing entirely. It is absolutely harmless, and cannot injure the most tender skin.

Be sure to ask for the double strength othine; it is this that is sold on the money back guarantee.

Dinner Guests the Fourth.

Mr. and Mrs. F. J. Yeomans had for their dinner guests on the Fourth Mr. Yeomans' mother, Mrs. S. J. Yeomans of Hopkins, and Mrs. Yeomans' sister, Mrs. N. F. Humber. On Friday the same company was entertained by Mrs. Humber at her home on South Fillmore street.

Thursday Dinner Guests.

Mr. and Mrs. Howard McCommon were host and hostess at 12 o'clock dinner on Thursday, the Fourth, to Mrs. Richard Saunders and her daughter, Miss Helen, of Kansas City; Professor B. A. Dunn of Waukegan, Ill.; Miss Maida Michau of St. Joseph and Mr. and Mrs. J. H. Saunders of this city.

Fishing and Picnic Party.

Mrs. Alice Lake, Mrs. M. W. Moore, Mrs. Thomas Wadley and Miss Maud Eversole comprised a fishing and picnic party on the 102 on the Fourth of July evening. But they did not catch any fish because there are none this dry weather. The water doesn't ever run over the dam, and of course there are no fish there or they would have caught some.

Married on the Fourth of July.

Rev. W. J. Parvin of the M. E. church, South, considers his celebration of the Fourth of July as perfectly sane and highly proper. He had a wedding. At 3 o'clock in the afternoon he performed the ceremony that united the lives of Miss Lydia M. Owens of Skidmore and Mr. David E. Iddings of Maitland. A brother of the bride witnessed the ceremony, also Mr. and Mrs. H. F. McDougal.

Married at Parsonage.

Mrs. Pansy C. Proctor of Orrsburg and Mr. Granville Herndon of this city were married Wednesday evening at 5 o'clock at the home of the officiating minister, Rev. Dr. J. S. Ford of the First M. E. church. Attending the bride and groom were the bride's uncle and aunt, Mr. and Mrs. Charles Green. Mr. and Mrs. Herndon have gone to housekeeping at 313 East Fourth street, the residence recently vacated by Mr. and Mrs. Dick Strong.

Bride and Groom Their Guests.

Mr. and Mrs. R. E. Snodgrass, 1307 East Third street, are entertaining Mrs. Snodgrass' sister and her husband, Mr. and Mrs. Elmer E. Corken of Burlington Junction, who arrived the Fourth. Mrs. Corken was Mrs. Daisy Young of Hopkins until her marriage last week. Her little daughter, Vida Young, and little niece, Allene Ewing of Kansas City, are also guests of Mr. and Mrs. Snodgrass, and Mr. and Mrs. C. G. McMillen of Pickering were added to the company Thursday evening at luncheon.

Entertained Friends.

Orville and Vida Carmichael entertained with a Fourth of July dinner at the home of their parents, Mr. and Mrs. H. J. Carmichael, 320 South Laura street, their guests being Carl Wright and Roderick and Dorothy Messecar. Carl Wright, whom we all know as the patient of the great Chicago specialist, Dr. Murphy, at St. Francis hospital, under the care of Dr. Will Wallis and Dr. Charles T. Bell, is getting along nicely. He feels considerably better, as he does not have so many bad days as he used to have.

Engagement Announcement.

The marriage engagement of Miss Harriet Schumacher of Green Bay, Wis., and Mr. Robert Burns of Madison, Wis., is announced, the wedding to take place the 7th of August. The bride-elect has frequently visited in Maryville with the family of her uncle, Mr. N. Schumacher, and was much admired, not only for her charming personality but for her excellent social qualities, and the announcement of the approaching wedding will bring her many happy wishes. Mr. Burns, her betrothed, is a professor in one of the schools of Madison.

For St. Joseph Guest.

Mrs. Ferdinand Townsend gave an informal Kensington and luncheon the afternoon of the Fourth, as a compliment to her cousin, Miss Maida Michau of St. Joseph, Mrs. Lela C. Allender of Atlantic, Ia., and Miss Helen Saunders of Kansas City, who, with her mother, Mrs. Richard Saunders, was Mr. Howard McCommon's guest. The guests aside from the honor guests were Miss Esther Shoemaker, Miss Laura Barnum, Miss Maud Barnum, Miss Dorothy Pierce, Miss Susie Ellison, Miss Julia Tate, Miss Jeanette Tate, Mrs. Luther Forsyth, Mrs. M. G. Tate.

Miss Carrie Waugh Married.

Miss Carrie Waugh, a sister of Mrs. I. J. Phipps of this city, who has been teaching in the schools of Boise, Idaho, the past year, was married the evening of Wednesday, June 26, to Mr. Nathan J. Anderson, a young furniture manufacturer of Jamestown, N. Y. The wedding took place at the home of the bride's sister, Mrs. Harry Keyser, of Boise. The newly-weds arrived in Maryville last Saturday evening and were guests until Friday evening at the home of Mr. and Mrs. I. J. Phipps, when they went to Grant City to visit the bride's parents, Mr. and Mrs. W. W. Waugh. The bride is known quite well socially in Maryville. She graduated from the Northwest Normal in the August class of 1910. She went to Idaho soon after and secured a position in the schools of Ustick, a suburb of Boise, where she taught until within a few days of her marriage. The bridegroom is engaged with his father in the manufacture of furniture at Jamestown. Mr. and Mrs. Anderson will leave for New York next week.

PARISIAN SAGE

Is Not a Dye and Does Not Contain Poisonous Lead or Sulphur.

People who use PARISIAN Sage never grow bald because it kills the dandruff germs, the cause of falling hair and baldness.

For your own protection see that you get PARISIAN Sage. The girl with the auburn hair is on every carton and bottle. Your scalp will feel so delightfully refreshed that ordinary commercial tonics won't do any more.

It's wonderful how quickly the hair will stop falling and how dandruff and scalp itch disappear when PARISIAN Sage is used. Tens of thousands of women use it because it makes the hair so nice and brilliant that it attracts admiration. The Koch Pharmacy and dealers all over America can supply you with it. A large bottle costs but 50 cents.

Hogan's Alley tonight at the Fern.

Mr. and Mrs. Harry D. Snyder and little daughter of St. Joseph are in the city, guests of Mrs. Snyder's parents, Mr. and Mrs. C. L. Wright and Mr. Snyder's mother, Mrs. Anna M. Snyder.

Hogan's Alley tonight at the Fern.

Miss Mae Hotchkiss returned Friday from a several days' visit near Hopkins with Mr. and Mrs. Hiram Caudle.

Vehicle Tax

The vehicle tax, as provided by ordinance 544, including all vehicles operated in the city, from the big automobiles to the pony cart, is in effect this first day of July and must be paid at once, as a heavy penalty is attached for non-payment.

THIS LADY'S GOOD APPETITE

Mrs. Hansen, in a Letter From Mobile, Tells How She Gained It.

Mobile, Ala.—"I suffered for seven years, with womanly trouble," writes Mrs. Sigurd Hansen in a letter from this city. "I felt weak and always had a headache and was always going to the doctor. At last I was operated on, and felt better, but soon I had the same trouble."

My husband asked me to try Cardul. I felt better after the first bottle, and now, I have a good appetite and sleep well. I feel fine, and the doctor tells me I am looking better than he ever saw me."

If you are sick and miserable, and suffer from any of the pains due to womanly trouble—try Cardul.

Cardul is successful because it is composed of ingredients that have been found to act curatively on the womanly constitution.

For more than fifty years, it has been used by women of all ages, with great success. Try it. Your druggist sells it.

N. B.—Write for: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment of Women," sent in plain wrapper, on request.

Missouri Editors to Meet.

Fulton, Mo., July 5.—The annual summer meeting of the Missouri Press association will be held in Hannibal, Mo., August 20-23 inclusive. An interesting program will be mailed to members about August 1.

REBEL ARMY IS DEFEATED

Failed to Hold Bachimba Pass Against Mexican Troops.

HEADQUARTERS NOW AT JUAREZ

Lack of Ammunition Given by Orozco as Cause of Failure—Chihuahua Abandoned and Street Mined for Federals.

Chihuahua, Mex., July 5.—Except for a volunteer body of police the city of Chihuahua is now deserted by troops. The rebels who had occupied the city for nearly five months at their capital and base of operations, evacuated in the face of a rapidly moving column of federal cavalry, the vanguard of Gen. Huerta's army which drove the rebels from Bachimba, 40 miles south of here.

Gen. Orozco is at Sauz, 30 miles north of here, while the main columns of rebels are encamped at Montezuma, only 114 miles from the American border. All day long the rebels retreated. The city of Chihuahua, with its nervous colony of foreigners was left untouched by the rebels, troop trains being sent through at full speed by Gen. Orozco, to prevent looting and disorder.

All Bridges Destroyed. Preparations were made by the rebels to isolate the city of Chihuahua, all bridges having been destroyed south of here during the day. The work of tearing up the Mexican Central railroad was detailed to a dynamiting crew which left here with the last of the rebel forces.

All rebel officials left on the last train. The foreigners remain in their residences, raising flags of all nations.

The rebels will mobilize at Juarez, opposite El Paso, Tex., and Casas Grandes, southeast of the American border on the Mexican-Northwestern, a strategic entrance to the state of Sonora. Juarez will be the rebel capital hereafter.

General Orozco admitted that lack of ammunition and superior federal artillery made it futile to attempt to hold Bachimba.

Guerrilla Warfare Now. Rebel officials claim it will be guerrilla warfare from now on with most of their operations in the wealthy state of Sonora. There is no question about the apparent disorganization of the rebels, but it is probable that the invasion of Sonora will mean a serious problem for the government, as the region is mountainous and impassable to artillery or troop trains.

Chihuahua is Mined. El Paso, Tex., July 5.—Reliable information was received here that hundreds of dynamite mines are buried in the streets and houses in the city of Chihuahua in preparation for the entry of the federals. They have been laid where they will explode upon the slightest contact.

LORIMER STANDS POOR CHANCE

Polls Made to Learn House Sentiment Indicate Illinois Senator Will Be Unseated.

Washington, July 5.—The prevailing opinion here is that when the roll is called on the Lorimer case the Illinois statesman will be transformed into an ex-senator. The last polls made to ascertain the sentiment in the upper house as to Lorimer all indicated that his support would be far short of a majority. To retain his toga the "boss" will be required to show 48 votes in his favor. In the polls it appears fewer than 40 senators will vote for him.

A legislative day may string along like a Baltimore convention. While the statesmen are taking recesses, instead of adjournment the original date stands in the official record. It is expected there will be considerable debate, but as to the final outcome the chances seem to be strongly against the Illinois senator.

TO ADOPT MISSOURI ROAD PLAN

Tri-State Convention at Monte Ne, Ark., Ends With Over 5,000 in Attendance.

Monte Ne, Ark., July 5.—Coming out square for state aid and speaking by progression from three platforms because of the great size of the crowds, good roads advocates closed the Tri-State Good Roads convention at this resort. The attendance on the closing day exceeded 5,000.

Reciting that local efforts at road building have proven ineffective and pointing out that Missouri and other states are making rapid progress through the adoption of the state aid plan, state Senator P. A. Rogers secured the passage of a resolution urging that the next Arkansas general assembly divert the state capitol tax to highway building.

Boy Killed by Runaway.

Clay Center, Kan., July 5.—Roy Petermeyer, a 10-year-old boy, was thrown from a buggy in a runaway here and killed. His father, A. Petermeyer, who was driving, and a sister, who was in the buggy, were thrown out and dangerously injured.

SPENT DAY IN WHEAT FIELDS

KANSAS FARMERS TOO BUSY TO CELEBRATE.

Picnics Attended by Townspeople and Women, While Men Rushed Harvest Work.

Topeka, July 5.—Kansas celebrated July 4 in a different manner than recent years. It is probable that there was less noise in Kansas than on any Fourth in the last five.

Reports received here from nearby towns which planned picnics indicate that townspeople only and the women folks in the country attended them.

Kansas farmers celebrated by cutting their wheat. No better day could be imagined for this, and the rains Monday night stopped work in most of eastern Kansas, so the owners of the biggest wheat fields Kansas has had in years are running binders and headers overtime.

The Kansas towns arranged "denatured" celebrations. The big cannon crackers, the bombs, the toy pistols and dynamite caps no longer play an important part in the celebrations and in the larger towns all fireworks are prohibited. The following Kansas towns have sane Fourth ordinances: Chanute, Leavenworth, Parsons, Ottawa, Hutchinson, Clay Center, Wichita, Holton, Kansas City, Emporia, Atchison, Bennington, Newton, Topeka, Salina, Beloit and Osage City.

All but Parsons, Beloit and Salina absolutely prohibit the shooting of any fireworks in the city limits. Some of them permit the sale of fireworks but most of them not only prohibit the use but the sale of fireworks within the city. The three towns named permit the sale of fireworks and their use in restricted districts.

HAD NEW WAY TO HIDE A JOINT

Wichita Raiding Party Found a Brick Wall Which Swung in Like a Door.

Wichita, Kan., July 5.—Following out information that several of the jointists here had stocked up for the Fourth with beer, the police raided a number of places and confiscated 300 bottles of beer and 250 bottles of whisky.

A few men found in the places were taken into custody. Entirely new features were encountered in "plants." At one place when a buzzer brought the news that the police were approaching the law enforcers encountered a supposed brick wall when they swung open a door.

One of the raiders, however, sought to investigate more closely and touched the wall; it swung back and disclosed a small room in an areaway between two buildings. The "brick wall" was built in a frame and hung on hinges. Two hundred "cold ones" were found here.

At the Planters hotel the police got into the cellar before they had been anticipated. A fresh appearing dent in the floor led to an investigation and a door was found leading to an underground passage that was 50 yards long. It was stocked with beer and whisky.

Wichita experienced a dry Fourth after the police had made their cleanup.

TRAIN HIT DOCTOR'S MOTOR CAR

Prominent Wichita Physician Killed and His Two Children Injured at Grade Crossing.

Wichita, Kan., July 5.—Dr. P. S. Thomas, 54 years old, one of the most widely known physicians in Wichita, was killed when a southbound Santa Fe passenger train struck his motor car as he was crossing the tracks at Thirteenth street.

His son Whitney, 10 years old, suffered a broken leg and his daughter Katherine, 7 years old, had an arm broken. Both children were bruised severely. The car was wrecked.

The crossing where the car was struck is almost a blind one, with the track raised some little distance above the pavement.

Women's Clubs Elect President.

San Francisco, July 5.—Mrs. Percy V. Pennybacker of Austin, Tex., is the new president of the General Federation of Women's clubs. Her election by a small majority over Mrs. Philip Carpenter of New York, was announced here at the regular business session of the federation's convention, now in session.

Missouri Shoe Industry.

Washington, July 5.—Missouri ranks second as a shoe manufacturing state. The census figures just announced show that the total production for a year was valued at \$512,750,000, of which Massachusetts is credited with \$236,000,000 and Missouri with \$48,750,000. New York state is a close third, with \$48,600,000.

Pleasure Steamer Turns Over.

Memphis, Tenn., July 5.—The pleasure steamer, Mattie Couch, operating between Memphis and the Arkansas side of the Mississippi river, turned over in midstream while outbound with scores of pleasure seekers early in the afternoon. Nobody drowned, although a number of passengers had thrilling experiences.

A marriage license was issued Thursday by Recorder Wray to Daniel E. Iddings of Maitland and Lydia M. Owens of Skidmore.

TRAINS CRASH IN HEAVY FOG

Passenger Train Was Held Back by Lackawanna Freight.

EXPRESS PLOWS THROUGH CARS

Day Coaches Hurled Down Steep Embankment—Many People Killed and Wounded—Babies and Children Victims.

Corning, N. Y., July 5.—At least 34 passengers were killed and 50 injured when an express train crashed into the westbound Lackawanna passenger train No. 9, hidden by a fog two miles east of this city.

Thirty-four bodies had been taken from the debris three hours after the wreck. Among the injured were several babies and children.

The passenger train, which runs from New York to Buffalo, had been standing on the track for 20 minutes, when the express train, which carries no passengers, struck it in the rear at full speed.

The two day coaches attached to the rear of the passenger train were hurled down an embankment and the express plunged half way through the rear Pullman of the standing train before it came to a stop.

Emergency Room Full.

Most of the killed were passengers in the day coaches. The injured were brought to the hospital here. At one time there were 50 persons, many of them dangerously injured, lying on the floor of the emergency room at the hospital. Every undertaker in Corning was called to help care for the dead, but their wagons were first pressed into service to carry the injured to the hospital.

The place where the wreck occurred was a straight stretch of track. So far as can be ascertained, William Shaver, the engineer of the express train, had no warning that the passenger train was in his way. It is believed that when he first saw it, he supposed the train was standing on a parallel track.

Many Were Undressed.

The crowded passenger train was held up by a break in a freight train on the track dead ahead. Most of the dead and injured, it is believed, were from Scranton and Newark, and that makes the identification here difficult at this time.

The fact that many of the passengers were undressed greatly delayed the identification of the dead and of the injured, who were unconscious.

One of the unidentified bodies was that of a young woman believed to have just been married. She had upon her finger a ring bearing within the inscription "F. C. M. and A. B., July 3, 1912."

BIG TEXAS METEORITE IS SOLD

Last Piece of Great Stone Shipped to Eastern Mineral Company—Fell 32 Years Ago.

Lubbock, Tex., July 5.—The second and last piece of the large meteorite which fell in Hale county, several miles north of here, 32 years ago was just shipped by B. O. McWhorter, the owner of the land, to the Foot Mineral company of Philadelphia. This meteorite weighed 875 pounds. When it struck the earth it split in two.

About seven years ago Mr. McWhorter sold the larger piece of the strangely mineralized stone for \$500 and it was shipped to an Eastern concern for laboratory purposes. To what use this second part of the meteorite is to be put is not known here. It is said to contain rare minerals.

Sun Ignited Fireworks.

Salina, Kan., July 5.—The hot rays of the sun ignited \$50 worth of fireworks in the show window of the Eckstrand Drug company here. A large plate glass window was blown out and fire caused damage amounting to about \$500.

Rebels Kill an American.

El Paso, Tex., July 5.—William Adams, an American, has been killed by rebels at Colonia Diaz. This makes nine colonists who have been killed by rebels in the settlements south of Juarez since the revolution started.

THIS IS CERTAIN.

The Proof That Maryville Readers Cannot Deny.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Miss Harriett McClurg, 405 East Thompson street, Maryville, Mo., says: "I gave a public statement in favor of Doan's Kidney Pills in September, 1908. Since then I have had occasional attacks of kidney complaint and I have always used Doan's Kidney Pills successfully at such times. I recommend them whenever an opportunity is given me. I was troubled with pain and weakness in my back and hips and could hardly get about. Doan's Kidney Pills corrected these troubles immediately, and after using them I felt better in every way."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Because it will last longer, run easier and skim cleaner than any other separator. Our margin of profit on the De Laval is smaller than most dealers make on other separators, but we know that the De Laval will please our customers and give them satisfactory service, and as there is a greater demand for the De Laval than for any other make we can afford to sell it at a smaller profit.

You know some neighbor who has a De Laval. Ask him how it works. We are always glad to refer a prospective separator buyer to an old De Laval user, because De Laval users are always boosters and the best advertisers we have. Used by 98% of the world's cream-eries.

BLACK MAN STILL HOLDS HIS TITLE

Johnson-Flynn Fight Stopped in Ninth Round by Police.

BATTLE WAS DISGUSTING SIGHT

White Man's Foul Tactics Caused Official Interference—Was Financial Loss—Ends Fistic Game in New Mexico.

East Las Vegas, N. M., July 5.—The most scintillating "hope" in the fistic constellation was snuffed out here and ink still reigns supreme. Jim Flynn was not knocked out, but his work was so crude that even Capt. Fred Fornoff, Rough Rider, refused to allow him to butt any more, and barely after the beginning of the ninth round the head of the state mounted police crawled into the ring, followed by a score of his Rough Riders, and put an end to the proceedings.

Flynn wasn't knocked out—he was saved by the state. But the decision, according to agreement made by both fighters several days ago, went to the champion, who led in every round and undoubtedly would have been the ultimate victor.

Disgusting Scene. It probably was the most disgusting fight ever known in ring annals.

By actual count, the Puebloan butted Johnson 15 times after the fourth round, and three times he struck low deliberately.

As to the fight, Flynn was like a baby in its mother's arms before the dusky champion. The only thing he

Jim Flynn.

sustained was his wonderful physical condition. As predicted, Flynn battled away with dogged determination, but not once during the eight rounds and 50 seconds did the challenger land a clean blow.

For the first three rounds the champion fought lazily, but when Flynn introduced his goatlike tactics, the negro added a little more steam to his punches and soon had Flynn a bleeding mass.

The Affair Called Off.

When the ninth round was called, it was plain to all that the affair wasn't going to last much longer.

They rushed to a clinch and Flynn again used his head. Referee Smith started toward Flynn as though to disqualify him, but by this time Capt. Fred Fornoff of the state police was in the ring and the affair was off.

Financially the fight was a loss. Promoter Curley assumed a debt of more than \$50,000 by staging the bout, while it is said that the gross receipts didn't exceed \$10,000. Flynn will not receive one cent for his work and some three months of heroic training have been wasted. The crowd did not exceed 4,000, and they left the Meadow City as rapidly as they could with many knocks against the fighting game in general.

The result of the fight marks the death knell of fighting in New Mexico. This comes from no less authority than Capt. Fred Fornoff of the state police.

Minnesota Law Against It.

St. Paul, Minn., July 5.—The Progressive party being organized under the leadership of Theodore Roosevelt cannot take part in the primaries in Minnesota this fall, according to an opinion issued by Attorney General Lyndon A. Smith. The party has no legal standing here and cannot qualify under the provisions of the state law, according to the conclusion reached by the attorney general.

Fired Loaded Cartridge.

Atchison, July 5.—Fred Shackleford, 14 years old, shot Rolie Jackson, 17 years old, with a 22-calibre pistol. The boys were celebrating the Fourth and the Shackleford boy had been shooting blanks. The loaded cartridge was placed in the weapon by mistake. The Jackson boy was hit in the abdomen and his condition is dangerous.

This Aviator Escaped.

Kirksville, Mo., July 5.—George Underwood, flying in a Sparling biplane, narrowly escaped injury here when his machine was caught in a strong wind and fell 50 or 75 feet to the ground. Fortunately for the aviator, the machine landed on its side and one of the planes broke the force of the fall. The machine was wrecked.

HAD PARADE OVER A MILE LONG

Sedalia's Sane Celebration at State Fair Grounds Drew More Than 12,000.

Sedalia, Mo., July 5.—Central Missourians held their first sane celebration of Independence day with a farmers' institute and basket picnic at the state fair grounds here. The attendance was between 12,000 and 15,000, despite the fact that the wheat harvest is in progress.

Shortly before noon there was a parade more than a mile long, with six bands and delegations from the various townships in Pettis county, riding in motor cars, other vehicles and on horseback. There were numerous floats, several from the rural districts being decorated with flowers, grasses and grain, and occupied by young women dressed in white.

Incurable.

Carl Wray, cashier of the Bank of Guilford, wrote the following for this week's issue of the Guilford Times:

"What's the matter with the fellow over yonder by that tree? Something has him by the vitals. He is pale as he can be. Must have something when a man breaks up like that. Maybe lost his entire family, or perhaps has broke flat. Hush, my friend, that pale faced mortal has to face a sorry fix. No, it isn't indigestion, but he's sick with politics."

"When the patriots at Chicago stirred up such a pretty mess this poor fellow said: 'There's nothing left but Baltimore, I guess,' and it seemed that he grew better until the air down there got blue, and somebody went and told him, 'Baltimore has got it, too.'"

"Now he takes it worse than ever. Hardly ever goes to meals; just sits down somewhere and whittles, playing ragtime with his heels. Doctors say that they can't cure him and he's cross as forty sticks, so I guess he'll have to suffer right along with politics."
